BANKERS HEAR ADDRESS ON CONSORTIUM FROM LAMONT

Head Of American Group Tiffin Guest Of Four Financial Houses

HE'S AN OPTIMIST

Visitor Is Of Opinion Four-Power Project Will Be Launched

Mr. Thomas W. Lamont of J. P. Morgan and Company, representing the American banking group, who is in China to negotiate preliminaries in connection with the launching of the New Consortium, again affirmed yesterday the belief that Japan will be a party to the Consortium and that the project will be carried into effect in the near future. The New York financier spoke at some length on the subject of the Consortium when he responded to a toast of welcome at a tiffin yesterday at the Astor House that was given in his honor by four local American banking institutions, the Asia Banking Corporation, the International Banking Corporation, the Park Union Bank and the Philippines National Bank.

Mr. H. C. Gulland, manager of the International Banking Corporation, presided at the tiffin, which was attended, besides by the Lamont party, by members of the visiting group representing the Pacific Development Company, American Consul-General Edwin S. Cunningham, and prominent Chinese and American financiers of Shanghai.

LAMONT TRACES HISTORY OF NEW CONSORTIUM

Following the tiffin Mr. Gulland spoke briefly extending welcome to the distinguished visitors and he was followed by Mr. W. G. Avery, manager of the Asia Banking Corporation, who introduced Mr. Lamont.

Mr. Lamont responded with a brief, pithy talk in which he expressed gratification for the hospitable reception accorded to him and the party he heads.

He traced briefly the history of the New Consortium, describing the manner in which it was conceived in the days of the Peace Conference at Paris at a time when he was acting as financial adviser to President Wilson and representing the American Treasury in France.

He touched upon the needs of China and the importance of bringing about closer commercial relations between China and the United States, emphasizing the feeling of deep friendship existing between the two countries.

EXPECTS TOKYO WILL ACCEPT LOAN TERMS

The speaker referred to developments of the past several months in which Japan had intimated an unwillingness to enter the Consortium unless concessions were granted to her and unless Manchuria and Mongolia be excluded from the scope of the lending program of the Consortium.

In this connection he spoke of his visit to Japan and of conferences held there with government officials and Japanese bankers, and he expressed the belief that the desire of Japanese bankers to go into the Consortium on the same terms as those pertaining to the other banking groups would receive approval of the Japanese government and that after final arrangements are completed with Chinese government officials and financiers the Consortium would be brought into being.

Members of the Lamont party who attended the tiffin were his counsel, Mr. Jeremiah Smith Jr.; Mr. J. Ross Tilford, Secretary of the American Banking group; Dr. J. A. McCreery and Mr. Jesse Lynch Williams.

OTHER FINANCIERS ARE PRESENT AT LUNCHEON

Members of the party representing the Pacific Development Company, which has just completed a loan to China and is a holding company for extensive commercial concerns here and in Manila and throughout the Orient, who were present at the tiffin were: Messrs. E. B. Bruce, President of the Pacific Development Company; Galen L. Stone, of Hayden Stone and Company; Albert H. Wiggin, Chairman of the Directors of the Chase National Bank of New York; H. B. Pond, Vice President and general manager of the Pacific Commercial Company at Manila; M. F. Loewenstein of New York, President of the Pacific Commercial Company, and E. R. Fraser.

Both parties of financiers will be guests tonight at a dinner in Mr. Lamont's honor to be given at the Astor House by the American Chamber of Commerce and the Chinese General Chamber of Commerce.

Will Sail America's 1st Floating Bar

Choir for the thirsty in America! Within a short time America's first floating barroom will be plying regularly between Miami, Fla., and wet Havana, Cuba. The "City of Miami," now undergoing extensive repairs at the Atlantic Shipyard Works, at East Boston, will be the floating "oasis" and will be captained by that deep sea veteran, B. Gardiner.

LATEST MURDER BY SINN FEINERS NINTH SINCE JULY

Dublin Magistrate Bell Slain While Other Passengers On Tram Looked On

(Reuters Service)

London, March 27.—The murder of Mr. Bell, the Dublin R. M., is the ninth which has occurred in Dublin since July 30 last. Six of those murdered were policemen. Mr. Bell was 70 years of age. The murder was perpetrated at a lonely spot. Those of the murderers who were outside the tram pulled off the trolley wire while those inside rushed at the magistrate shouting "come on."

Mr. Bell was dazed and stood still in the roadway. He was killed instantly. The other passengers in the tram were panic-stricken and afraid to help the armed ex-soldier who guarded the body until an ambulance had been summoned by a motor-cyclist.

Steamer Colombia To Arrive Tuesday

Pacific Mail Liner Sailed From Yokohama For Kobe Yesterday Morning

The Pacific Mail Liner Colombia, which was delayed at Yokohama when the vessel ran on to a mud bank in Tokyo Bay Saturday night, was floated at 2 o'clock in the morning Wednesday and sailed from Yokohama for Kobe at 8 o'clock yesterday morning. Reports sent to Shanghai in private messages that the delay to the steamer would be protracted, have proved to be unfounded and the vessel will arrive here next Tuesday morning bringing the next incoming mail from America.

After the Colombia ran aground the passengers and cargo were taken off to expedite the work of refloating. When the Colombia was freed it returned to Yokohama where it was reloaded and where passengers again were taken aboard.

N. Y. K. Steamship, Bombay Maru, Afire; Heavy Loss Reported

(Reuters Pacific Service)

Kobe, April 1.—An outbreak of fire is reported on board the Nippon Yusen Kaisha steamer Bombay Maru, which is carrying 4,000 bales of cotton and other merchandise. The damage is estimated at 2,000,000 Yen.

Australian Tariff Change Is Proposed

(Reuters Service)

Melbourne, March 27.—A new tariff has been introduced into the Federal House of Representatives which will protect new industries, encourage others and substantially increase preference to Great Britain.

ALLIES HOLD HOLLAND TO ACCOUNT IF KAISER FLEES

Warning Note Sent To The Dutch Cabinet By Supreme Council

DRAFT MODIFIED

Final Decision Reached On Many Points In Turkish Treaty

(French Wireless Service)

Paris, March 31.—The London correspondent of the Petit Parisien states that the political section of the Supreme Council yesterday continued the examination of the clauses of the Turkish Treaty referring to ports and questions of navigation. A final decision was reached on all points discussed.

Certain important clauses have been reserved for decision at the conferences which will be held next month at San Remo, the most important of which are the military clauses on which Marshal Foch has been requested to present a third report.

With reference to the note to Holland, which, in a slightly modified form of the original draft has now been handed to the Hague Government, the Petit Parisien learns that instructions have been sent to the French and British Ministers in Holland to point out clearly to the Dutch Cabinet the responsibility it would incur if it should continue his intrigues or escaped to Germany.

HUNGARY'S DELEGATES ARE RETURNING HOME

The conference also continued its examination of the Hungarian Delegation's observations on the Peace terms. This examination is practically completed and the majority of the members of the Hungarian Delegation left Paris for Hungary yesterday.

Amsterdam, March 27.—It appears that the German mine-sweepers, the presence of which in the Zuider Zee unchallenged by the Dutch authorities has given rise to adverse comment in the Dutch papers, deserted from a flotilla engaged in sweeping in the North Sea. The crew tried to approach the Dutch coast but were repulsed by the Dutch gunboats. Two of the sailors have been arrested.

London, March 29.—The Daily Mail states that the Allies have accepted Holland's note of March 6, reaffirming her decision not to extradite the ex-Kaiser unless Germany also demands his extradition.

Paris, March 31.—The Conference of Ambassadors today heard General Hollet, President of the Allied Commission of Control at Berlin, on the general situation in Germany.

Submarine Force Inadequate When U.S. Entered War

Propaganda Had To Be Used To Get Navy Department To Improve Standard

(Reuters Service)

Washington, March 29.—Rear Admiral A. W. Grant, formerly commanding the Atlantic Fleet submarine force, giving evidence before the Senate Naval Committee, said that the United States Navy submarine force was entirely inadequate to meet the demands of the war with Germany.

It was too small and was composed of widely different types with a small radius of action, inadequately armed and fitted with badly-designed engines. The witness stated that it took nearly two years of propaganda to get the Navy Department to realize the importance of building submarines capable of combating the 800-ton U-boats.

U.S. Mail Aviator Killed In Landing

(Reuters Service)

Newark, N. J., March 29.—The airman George Sherlock, engaged in the aerial post service, was killed here today, his machine crashing as he was landing.

Australia To Bar Far East Brushes

(Reuters Service)

Melbourne, March 27.—The Federal Government has prohibited the importation of brushes and toilet articles manufactured in the East.

Hoover Announces G.O.P. Platform On Which He May Run

(Reuters Service)

San Francisco, March 29.—Mr. Herbert Hoover has telegraphed to the Hoover Club saying that he would accept nomination as Republican candidate for the Presidency if the issues necessitated and it were demanded of him.

Mr. Hoover added that he would support a liberal constructive platform on the treaty and economic issues. He was in favor of a sound business administration neither reactionary nor radical. Lastly he held that the United States should enter the League of Nations, with American interests and traditions safeguarded.

FINDING BY S.V.C. COMMITTEE GOES TO RATEPAYERS

Voters Will Be Asked To Adopt Report Which Vindicates 'B' Company Men

Publication of findings of the special committee appointed by the last ratepayers' meeting to investigate the Shanghai Volunteer Corps was followed yesterday by the announcement that ratepayers will be asked next Wednesday to adopt the report which vindicates action of members of "B" Company (British) in October of 1918 when 75 men resigned as a protest against the appointment of an officer before his name had been referred to the members.

Mr. Evan Morgan will propose the resolution at Wednesday's meeting asking that the report be received and adopted. Mr. Edward S. Little will second.

OBJECTORS ARE FIRM

It was learned yesterday that of the 75 members who resigned when the crisis was reached between Captain L. J. Cubitt and the members of his company, but one, a municipal employee, has returned to the company roll. It was said that he did not comply with Commandant T. E. Trueman's stipulation that an apology must precede permission to re-enlist. All the other men hold clean discharge certificates signed by Major Trueman but they are not allowed to rejoin their unit or affiliate themselves with other S.V.C. companies until they apologise to the commandant and Captain Cubitt.

In June of 1919, months before the investigating committee had made its report, Captain Cubitt was allowed to leave "B" Company and transferred to the reserve of officers.

BEYTAGH REJOINS

Former Corporal A. J. Healy was not allowed to sever his connection with "B" Company while disciplinary circumstances with which he had been concerned were under investigation, according to the finding of the Court of Inquiry which sat in the Heale case. Other members of the company who resigned have attempted to join units during times of stress but this was not permitted.

It also became known yesterday that Lieut. L. M. F. Beytagh, after resigning his commission in "B" Company on December 10, 1918, rejoined the unit as a private in 1919 and, with the approval of the men, was later commissioned second lieutenant.

The report of the special investigating committee, as published in the Municipal Gazette, was signed only by Dr. John R. Hykes as chairman. All members of the committee were unanimous in the findings reached, it was stated officially yesterday.

Soviet 'Ambassador' To United States Faces Deportation

(American Wireless)

Washington, March 29.—The Department of Justice has placed the case of Martens, the self-styled "Soviet Ambassador to the United States," before the immigration authorities, recommending his deportation to Germany. It is asserted that Martens is a German subject. He is charged with actively seeking to overthrow the United States Government.

New York, March 27.—The secretary of the local branch of the Communist party has been convicted of criminal anarchy under State law.

JAPAN QUITS SIBERIA ONLY WHEN CZECHS FORCE LEAVES

But Can't Withdraw While Own Nationals Are In Danger

TOKIO EXPLAINS

Menace To Manchuria And Chosen Must Be Removed Also

(Reuters Pacific Service)

Tokio, March 31.—An extra edition of the Official Gazette published today contains the following Government declaration:

"The despatch of Japanese troops to Siberia, having as its purpose the assistance of the Czech-Slovaks, it is plain that, as declared at the time of their despatch, Japan will withdraw her troops when the evacuation of the Czech-Slovaks is actually completed.

"The geographical relations of the Empire with Siberia, however, differ from those of the other Powers. The political conditions in Far-Eastern Siberia affect conditions in Manchuria and Chosen while a large number of Japanese residents in Siberia are practically placed under such a condition that the safety of their lives and property cannot be guaranteed. This fact is accountable for the Empire being unable to carry out immediately the withdrawal of troops.

HAS NO POLITICAL AIMS TOWARDS RUSSIA

"No political ambitions are entertained towards Russia. If the political conditions in the territories adjacent to our country become settled, the menace to Manchuria and Chosen is removed, the safety of the lives and property of Japanese residents assured and freedom of communications guaranteed, we hereby reaffirm that the Empire will evacuate Siberia provided that the Czech-Slovaks have been completely withdrawn."

Big Ship In Peril When She Strikes Wreck During Gale

(Reuters Service)

London, March 2.—The S. S. Ortega of the Pacific Steam Navigation Co., bound for South America with 200 passengers on board, sent out a wireless message that she was in St. George's Channel in urgent need of assistance.

The liner had struck a submerged wreck during a gale and was badly damaged. She eventually arrived at Fishguard with her deck awash forward.

British War Office Abolishes Rank Of Brigadier-General

(Reuters Service)

London, March 27.—The War Office announces the abolition of the rank of Brigadier-General for which will be substituted the titles of Colonel-Commandant and Colonel on the Staff. Retired officers will retain the old title.

Matthews Leaves Calcutta On Long Australian Flight

(Reuters Service)

Calcutta, March 24 (delayed).—The Australian airman, Lieutenant Matthews, left Calcutta today continuing his flight to Australia. The machine piloted by the Australian airman Lieutenants McIntosh and Farrer, also bound for Australia, subsequently returned owing to engine trouble.

MINERS WAGE RAISE BOOSTS COAL PRICE

(Reuters Service)

New York, March 29.—Operators announce that the increase in coal-miners' wages has caused an advance of from 65 cents to \$1 per ton. Twenty-five tons are now selling for \$350.

H. Wyatt, Forced Out Of Customs, Boer War Hero

MR. H. WYATT
(Photo by Cruden, Sydney, taken in October, 1918, when Mr. Wyatt was about to return to China from sick leave)

Mr. H. Wyatt, who was forced out of the Chinese Maritime Customs by Inspector General Sir Francis Aglen after 17 years efficient service, is a veteran of the Boer War in which he won the Queen's Medal and four bars. Although a man of family, he offered his services in the recent war but was not permitted to go.

Born in England of Devonshire people, he was brought up in New South Wales where he served two years with the N.S.W. Naval Volunteers.

When the Boer War broke out, Mr. Wyatt was in the Solomon Islands and left his position to join up in Durban, Natal, with Thorneycroft's Mounted Infantry, under General Buller. Mr. Wyatt went through four campaigns and took part in the battles of Ladysmith and Majuba Hill, among

Ezra And Little Declare For Increase On Council To Give Voice To Chinese

Maintain That Proposed Advisory Committee Instead Of Membership Will Not Prove Workable And Would Create Ill Feeling

Holding that the creation of a Chinese advisory committee, as proposed by the Municipal Council, will be dangerous, unworkable and likely to create ill feeling between Chinese and foreigners, Messrs. Edward S. Little and Edward L. Ezra will place before the ratepayers meeting next Wednesday a resolution asking that the Council be increased from nine to twelve members, three of them to be Chinese with the same qualifications as foreign councilors.

"The spirit of the Chinese has changed and it is to our interest to get all elements of this community working in harmony and to oppose the setting up of two rival bodies which would be working at cross-purposes in times of stress," Mr. Ezra said yesterday.

"The Chinese have been told that their request for voice in the administration of the Settlement's affairs would be heard if they proceeded in a legal way," Mr. Ezra continued.

"The Municipal Council now proposes the creation of a Chinese advisory committee to be selected in a manner to be decided upon later.

"In my opinion this will be unsatisfactory to the Chinese and of no use to the community. The varied Chinese population recognizes that this is a foreign settlement but it believes that it should have representation on the governing board.

THREE CHINESE MEMBERS

"Mr. Little is proposing and I am seconding a resolution which we believe the community should readily accept. It calls for the addition of three Chinese members to the Municipal Council. Their members to be elected as may be subsequently determined. They are to have the same qualifications as the foreign members of the Council.

"The foreigners of this International Settlement all come here from democratic countries where one of the first principles of government proclaims that people of all sections and all walks of life shall have a voice in the management of municipal affairs. Shanghai is governed solely by foreigners, yet we know and appreciate that a large proportion of the resident population is Chinese.

GERMAN ARMY FOR NEUTRAL ZONE REFUSED BY MILLERAND

French Premier Finds No Need For Troops In Ruhr Basin

BERLIN REBUFFED

Big Red Force Creates Serious Situation In Territory

PARLEY FAILURE

Well-Armed Men Profit By Experiences Gained During The War

(French Wireless Service)

Paris, March 31.—The Agence Havas has issued the following note:

"Herr Mayer, the German Charge d'Affaires, called at the Ministry for Foreign Affairs on Monday when he communicated to M. Millerand a statement from the German Government. The Premier at once raised formal objections to certain of its terms.

"M. Millerand said that, in view of information he had received, it now seemed doubtful whether an occupation of the Ruhr Basin was indispensable and it was only in the event of the occupation of the Ruhr Basin and the consequent infringement of Article 44 of the Treaty being unavoidable, that the guarantees offered by the German Government would be effective."

The Petit Parisien, commenting on the foregoing statement says:

"According to the new German Chancellor, Herr Hermann Mueller, an unexpected turn of events has enabled the Berlin Government to carry out its proposed policy in the Ruhr district. France, he declares, has abandoned her intention to occupy the Ruhr district, Frankfurt and Hanover."

FRANKFURT WOULD TAKE FOUR GERMAN CITIES

"According to information we have received this statement is entirely inaccurate. What happened was that the German Charge d'Affaires, Herr Mayer, called again at the Quai d'Orsay yesterday and it was he who proposed to M. Millerand that France should abandon her intention to occupy the three towns mentioned by Herr Mueller (to which must be added a fourth, Hanover). Herr Mayer is understood to have added that, if the reinforcements dispatched by the German Government to the neutral zone were not withdrawn by a certain date, France might then recover the right to occupy these towns. M. Millerand confined himself to replying that in principle he was not opposed to fixing the duration of German occupation provided that it were short which was not the case with that proposed by Herr Mayer.

"We believe," the Petit Parisien adds, "that there was no question of a time limit of 'two to three weeks' vague formula offering a loophole for procrastination and therefore inadmissible. The particulars proceeded no farther."

MUELLER'S STATEMENT IS DENIED IN PARIS

(American Wireless)

Berlin, March 29.—Herr Hermann Mueller, the new German Chancellor, announced today that France had abandoned her demand to occupy the three towns mentioned and consented to grant Germany two or three weeks to employ a strong force in the Ruhr district.

Note: The Petit Parisien, quoted by the French Wireless today, published the statement of Herr Mueller's statement. According to the French Journal, the German Charge d'Affaires proposed that France should on certain conditions abandon her claim to occupy the neutral zone, but M. Millerand rejected the German terms and the negotiations broke down.

Berlin, March 29.—The National Assembly today expressed its approval of the Government's attitude, rejecting a resolution of lack of confidence.

WELL-EQUIPPED REDS IN CONTROL OF RUHR

(Reuters Service)

Berlin, March 27.—The new German Cabinet includes Herr Mueller, Chancellor and Minister for Foreign Affairs; Herr Bauer, the ex-Chancellor, Minister of Transport; Herr Koch Vice-Chancellor and Minister of Defense.

Berlin, March 26.—General von Seeckt, commanding at Berlin, in the course of an interview stated that the situation in the Ruhr region was most serious. The negotiations at Bielefeld between Ministers and workers had failed. The Red Army in the Ruhr region resembled Bolsheviks and was composed of

well equipped and well armed men who were using the experience gained in the war.

Paris, March 28.—It is semi-officially announced that the German Government has re-approached the Allies with a view to obtaining permission to despatch troops to the Ruhr region. At present there is no indication whether the Allies will give this consent.

TELEPATHIST IN EXHIBITION HERE

Eugene de Rubini Displays His Talents Before Newspaper Men

Mr. Eugene de Rubini, telepathist, gave a private exhibition at the Kaihs Hotel last evening before an invited audience of representatives of the foreign and Chinese press and a member of the Criminal Investigation Department. It was April 1, which may have accounted for some of the skepticism displayed by some of the spectators, but it was admitted by everyone present that whether or not de Rubini is endowed with special gifts he is a very clever worker.

The plan was that a member of the party was to give an order mentally to the performer and that through contact, either through a steel rod or by placing the hand of the "conductor" on the back of the "telepathist," de Rubini was to execute the command. He was successful in numerous instances, although the fact that his manager and interpreter was in the room all the time lent suspicion that the telepathist had to work to his utmost to overcome.

One order was that de Rubini go to the piano and play the British National Anthem. He went to the piano but his musical accomplishments were not sufficient to allow him to comply with the latter part of the stipulation. He made a number of other experiments such as finding a watch hidden under a hat on a table, taking a watch from the pocket of a member of the party and disposing of it as directed and, finally, attempted to lead the spectators to the Central Police Station. In this experiment he was not so successful as he had been previously and it was some time before he finally located the destination.

TO GIVE CONCERTS IN AID OF BLIND

It has become the custom for the Institution for the Chinese Blind to give an annual entertainment at the Olympic Theater, in order to give publicity to their work and also to raise funds for the support of their most worthy Institution. The entertainment last year was such a success that the Committee has decided to give three entertainments this year. A matinee on April 10, an evening performance on April 12, and a third performance at the Ta Wu Tai, Chinese Theater, on April 24.

All of the schools in Shanghai have been invited to enter a contest for the sale of tickets and for collecting subscriptions. Three valuable prizes have been donated which are to become the property of the winning school.

Several schools have entered enthusiastically into the contest and have already sold several hundred dollars worth of tickets. Splendid programs have been arranged, which will attract the Chinese as well as the Foreign community.

The tickets are one and two dollars and may be obtained from any scholar whose school has entered the contest; The Institution, No. 4 Edinburgh Road; at Mounties, and at Sullivan's Fine Candies. It is hoped that all who can will give these entertainments their support. The Monday evening program has been especially prepared for the Foreign community and the educated Chinese.

England Now Gets Chain Food Stores

Selfridge To Extend American Idea In London

London, February 14.—Gordon Selfridge has introduced to London the American system of chain food stores which he calls "the John Quality Stores."

Stores have been opened in Piccadilly, Battersea, Brixton, Kingston, Ealing, Acton, Richmond, Westland and other districts. Mr. Selfridge announced that he intended to extend the chain in London. Goods are sold only on a cash and carry basis.

ANCIENT ARTISTS WERE FUTURISTS, IS EXPERT'S VIEW

Dr. J. C. Ferguson Declares Sung Painters Relied On Impressions

AVOIDED USE OF COLOR Idealism Was Outstanding Factor And Perspective Usually Ignored

Greatest landscape artists in China's history were those of the Sung dynasty, according to Dr. J. C. Ferguson, advisor to the Chinese government and an authority on art, who spoke before the Royal Asiatic Society's North China Branch last evening. Dr. Ferguson's lecture was heard by a large number of persons and was fully appreciated.

Early instances of landscape representation on bronze, jade and stone were told of by the speaker who then proceeded to relate the developments in the time of the Sung dynasty when the artists worked on silk in what he termed as "calligraphic painting."

Idealism and spiritualization were the outstanding factors in the paintings in the Sung dynasty while locality and conventions of perspective were ignored, said the lecturer. Their perspective was linear compelling the beholder to adjust his position to the idea of the artist.

MUST GET ARTIST'S VIEW

He explained that under this circumstance it is necessary for one in viewing such a painting to consider whether the artist intended that it should be regarded as looking from above, from across or from left to right or right to left.

"It might be said they preferred literature to art," said the doctor.

The speaker laid particular stress on the fact that the artists avoided much color, snow being the principal feature treated with anything other than monochrome. Snow colors were produced, in the doctor's opinion, by the use of "shell white."

The idealists never attempted to reproduce the colors of a sky and blank spaces played their part.

Brush strokes are an important feature in the best Chinese art and solidity rather than lines was the prevailing idea of the Sung painters. Later artists, he said, improved in delicacy of stroke but the Sung painters were more successful because they were so intimate with the phases of nature about them as to pierce their secrets.

LACK OF DETAIL

He pointed out that the beauties of China landscapes are not in their details but rather their lack of it and the thought they convey to the beholder. Broadly speaking he indicated that the best Chinese art is of the impressionistic, if not Cubist, school.

The speaker explained that the Northern and Southern schools of art were not confined by geographical limitations, the Northern meaning merely to signify the more rugged type of art as distinguished from the calmer moods of the followers of the Southern school.

As to authenticity of old paintings, the doctor said that too great doubt and excessive credulity were almost equal factors. He warned against too ready acceptance of signatures and seals. The texture of the silk background is one of the most important matters in judging authenticity, according to his belief, and he called attention to the fact that although a Ming artist might have obtained cloth from the time of the Sung dynasty the condition could not be reversed with a difference of 500 years as a barrier.

W. Assomull & Co.

Now is the time to buy NEW INDIAN SILKS for your Spring dresses, blouses, petticoats and underclothing. We also keep in stock a good selection of China made PONGEE SILKS for ladies and gentlemen.

Although his methods of laundering his patrons' clothing gave speedy results towards their complete elimination, Wong Ah-sung was impatient and thought he would hurry matters a bit. And so he walked off with garments valued at \$115 and claimed as his property by K. Honda at 310 Miller Road.

Incidentally \$20 in cash went with the wardrobe.

A Chinese police constable saw the laundryman bearing his burden and investigated.

Three years imprisonment and expulsion will be the penalty paid by Wong for his indiscretion as British Assessor Blackburn and Magistrate Loh decided that in view of six previous convictions for trifling with public property his defense was not strong.

Wong explained that Sochow Ai-Sai was the man who stole the clothing and gave him only one dollar for carting them away.

When two enterprising bootleggers were refused permission to sell booze to members of the crew of an American ship by a Chinese watchman they were very much annoyed.

The watchman was given shore leave and ambled down Broadway. He met the liquor merchants and they expressed their disapproval of his course of action by hitting him on the head with an axe.

The watchman was displeased and told the Mixed Court about the incident.

The plea of one of the bootleggers that the guardian of the peace and welfare of the ship had demanded a daily squeeze of 20 cents didn't appeal to the court as being an excuse for careless use of the implement and so one of the accused was put away for a month and the other for three weeks in a place where they will have scant opportunity to ply their trade.

Steamer Monteaagle Is Sailing Today

Following the sailing yesterday of the Empress of Japan of the Canadian Pacific Ocean Services for Vancouver, another C.P.O.S. steamer, the Monteaagle, is sailing today for the British Columbia port.

The Monteaagle left Hongkong at noon Tuesday and is due to arrive at Woonung today. The incoming tender with passengers and mails from the Monteaagle is expected to arrive at the Customs Jetty about 6:30 o'clock this afternoon. The outgoing tender with passengers and mails will leave the Customs Jetty at 2 o'clock this afternoon.

Ezra And Little Declare For Increase On Council To Give Voice To Chinese

(Continued from Page 1)

Intellect and strength to govern this Settlement properly and they cannot be forced by three Chinese members to do what they do not want to do. Three Chinese can not run this Settlement. It is absurd for opponents of our motion to contend that the election of three Chinese will mean that the Chinese are going to run the town.

"Three Chinese members on the Council would be able to impart the first hand views of Chinese residents to their nine colleagues and they could explain decisions to the Chinese."

WOULD PLEASE CHINESE

"Chinese residents would rejoice at such recognition of their desires by the ratepayers and they would better realize the principle of government. This alone would be a great benefit in the development of Chinese political ideas."

"The advisory or consultation committee is neither desirable nor workable. The creation of a separate body to give advice to the body having the power would tend to provoke clashes as two rival groups would thus be set up. In time of stress the advisory committee would probably come to a conclusion opposed to that of the Council. The result would be that the Council would override the advisory committee's

decision and instead of allaying any ill feeling aroused, there would be further irritation. Chinese members on the Council assure one body ruled by the majority."

"This is not a new idea. In Hongkong and the Straits Settlements there are Chinese members on the municipal councils and they possess the same qualifications as do the British members. Often they protest strongly against measures proposed but after the vote is taken and the Chinese are over-ruled they yield to the will of the majority."

WILL FOSTER HARMONY

"Good will and closer relations between Chinese and foreigners will be fostered in Shanghai if the vast Chinese population has some say in the administration of the Settlement. The Chinese do not want to run Shanghai from a Chinese standpoint and they have no desire to take away any rights enjoyed by foreigners under the treaties which provided for this international Settlement."

"They merely feel that the time has come when Chinese should have some representation on the governing body in order that they may put forth their views, ideas and grievances so that all points

of view shall be considered before decisions are made.

COUNCIL INDEPENDENT

"The Municipal Council will not be bound by a consultation committee. The Council can ignore its view entirely. If it came about that stringent regulations were promulgated against the students and the student movement, the Council would not be bound by or answerable to the proposed advisory committee. Both parties would be quarreling over issues."

"On the other hand Chinese members of the Council could say: 'We have differed with the views expressed by the other councillors but we must abide by the vote of the majority.'

"In addition to its danger, its lack of practicability and the likelihood that its creation would result in ill-feeling, the advisory committee is not desirable for sentimental reasons."

"We have delighted the mass of Chinese people with pamphlets and documents proclaiming the democratic spirit of the Anglo-

Saxon. We now have an opportunity to give a concrete example of that principle to the Chinese residents of this Settlement who ask for a voice in the municipal government and if the ratepayers accept, it will show the rest of

China that when Chinese desire to take an interest in their government, the foreigner stands ready to give decent and fair encouragement and that they will be treated with fairness and equality by the foreigners."

Notice to Museum Directors, Art Connoisseurs and Collectors of Curios

Are you coming to see our wonderful collection? The best and largest in Shanghai.

We have an exhibition of Porcelains, Pottery, Old Furniture, Bronzes, Enamel Ware, AND ALSO A GREAT VARIETY OF EXTRAORDINARILY FINE AND VALUABLE OLD PAINTINGS, JADES, ETC.

We beg you to come and view this very fine collection, which we are sure will please you.

Tientsin Y.M.C.A. Envoys Given Hearty Reception When Convention Opens

Dr. Fong F. Sec, Chairman Of National Committee,
Explains Growth Of Association In China
In Last Quarter Of A Century

(China Press Correspondence)
Tientsin, April 1.—Opening the Y.M.C.A. convention in Tientsin today, Dr. Fong F. Sec, chairman of the National Committee, extended a hearty welcome to the delegates. Dr. Sec said:

"On behalf of the National Committee of the Y.M.C.A. of China I take pleasure in extending a hearty welcome to you who have come to the Eighth National Convention and the celebration of the Twenty-fifth Anniversary of the Movement in China. You have come from the north, the far west and the south as well as from places near at hand to make possible this large and enthusiastic gathering. We take special pleasure in welcoming the representatives of our Government, of the National Movements of other lands, of the Church, and other religious organizations.

"We meet to consider our blessings in the past, rejoice over victories won, offer our thanksgivings to Almighty God for His guidance, and take a forward look into the future. This year marks the end of the first quarter century of the Association in China. Twenty-five years ago the movement was started in this very city, so we are glad the Tientsin Association has invited us here to celebrate this occasion. We greatly regret that Dr. D. Willard Lyon, the founder of the movement in this country, cannot be with us today. Though far away from China, he no doubt is thinking of us here as we think of him at this moment. We are very happy that Mr. Fletcher S. Brockman who as National General Secretary did so much to solidify, extend and put the movement on a firm basis is with us again today.

IN 17 PROVINCES
"From its humble beginning in 1895 the Association has spread to seventeen provinces, from Kirin in the north to Yunnan in the south, and from Chengtu in the west to Tokio in the east. It has city Associations in thirty centers managed by a force of 350 secretaries. It has a membership of 32,000 men and carries a yearly

budget of more than half a million dollars. Student Associations are organized in 169 schools and colleges with a membership of more than 14,000. In both the Senior and Junior Divisions there are nearly 20,000 enrolled in Bible classes. Through its day and evening schools nearly 11,000 are being prepared for more intelligent service to their country. The physical development of the youth has been promoted in gymnasiums and athletic fields through exercises with a total attendance of more than half a million in the past year.

"Today our hearts are filled with gratitude as we think of the noble and self-sacrificing men who have dedicated their lives to this work. The success of the movement is largely due to the strong men, the best gifts of the universities of America, Canada and Europe that the International Committee and other bodies have sent and are sending to co-operate with our own men in guiding our movement. We remember the sacrifices that some of the mission boards have made in sending us workers. We appreciate the moral and financial support that our Government officials and all classes have been giving us.

FIVE-FOLD PRINCIPLES
"The Y.M.C.A. has succeeded in China because it has been alert to adapt itself to meeting the needs of the whole man. The Triangle symbolizing its three-fold aim of looking after the physical, mental and spiritual development of a man has given place to its five-fold principles: it has added the social and economic planks to its platform.

"During this convention we shall take time to consider the challenge and need of the hour—how to make the Association work more efficient along all lines. The last 25 years may be regarded as a time of preparation. The forces that have been set in motion will increase in momentum and under the blessing of God we shall see great progress during the next quarter-century of the movement in China."

Mr. George Warrell Of Yokohama Is Dead

Heart Failure Is Cause Of
Death—Had Served 30 Years
In U. S. Marines

Tokio, March 26.—Mr. George Warrell, manager of the Grand Hotel Garage, died at his home in Yokohama on March 25 of heart failure.

Mr. Warrell became ill a few weeks ago and was taken to the United States Naval Hospital. Recently he was discharged from the hospital and resumed his work, apparently in good health. Upon returning to his home Thursday evening he was not feeling well and went to bed. About an hour later he died.

Mr. Warrell was a retired sergeant of the United States Marine

Corps, having served for 30 years. He spent 24 years in service as a guard at the United States Naval Hospital in Yokohama and saw much service in other places in the Far East. He had service medals for service in the war with Spain, the Philippine insurrection and the Boxer uprising, besides a number of good conduct medals. His record was excellent throughout his long career as a soldier.

After retiring from active service Mr. Warrell assumed management of the Grand Hotel Garage, where his personality and upright dealing won the friendship and respect of customers and employers.

Mr. Warrell was 60 years old last February. He leaves a widow and adopted child. Mr. Warrell requested that he be buried in Arlington Cemetery and the United States authorities here are making every effort to comply with his request.

N. Y. Labor Leader Tells How He Earns \$18,000 A Year

Robert P. Brindell, president of the Building Trades Council, is New York City's highest paid labor leader, earning a yearly pay of \$18,000 and he admits he is worth every cent of it. Mr. Brindell holds a life job as head of the council, and cites the ending of the strike chaos among building workers of the city and the doubling of the workers' wages as evidence that he is worth all he gets from the unions.

S.V.C. Corps Orders

Corps order by Major T. E. Trueman, Commandant, S.V.C. Headquarters, Town Hall, Shanghai, April 1, 1920.

No. 35.—Headquarter offices: The headquarter offices will be closed on Friday, Saturday and Monday, April 2, 3 and 6, 1920.

No. 36.—Leave: Short leave has been granted to the following officers:

Major T. E. Trueman, April 2 to 5.

Lieut. R. A. Stuart, April 1 to 5.

No. 37.—Command: During the absence on leave of Major T. E. Trueman, Captain S. A. Ransom will be in command of the Corps.

No. 38.—Resignation: The following resignation has been accepted by the Council with regret and is published in the Municipal Gazette of April 1, 1920.

Light Horse: Captain H. S. Lindsay.

No. 39.—Commission: The following commission has been approved by the Council and appears in the Municipal Gazette of April 1, 1920.

Light Horse: Mr. E. H. McMichael to be captain.

Over 30 years ago the late Lord Beaconsfield testified to the benefits he received from H.M.R.O.'S CURE, and every post brings similar letters to-day.

BANKERS HEAR ADDRESS ON CONSORTIUM FROM LAMONT

(Continued from Page 1)
Commerce and the Chamber of Commerce of Nantao.

SILK MEN ATTEND Tiffin on Monday
The visiting parties of financiers will also be guests of honor at a combined tiffin meeting of the Chinese Bankers Association of Shanghai and the American University Club at the Carlton Cafe on Monday.

In addition to the Lamont party, visiting members of the Silk Association of America now in the Far East will also attend the tiffin.

The meeting will be open to members and guests of both organizations.

(Reuter's Pacific Service)

Tokio, March 31.—The understanding between the representatives of the Japanese banking group and the American banking group as to entry of the Japanese group into the proposed Consortium for loans to China has reached a satisfactory conclusion. Mr. Inouye, Governor of the Bank of Japan, in the course of an interview with a representative of the Kokusai News Agency said: "I feel confident that the Japanese group will become a member of the Consortium."

JAPANESE DIFFERENCES BELIEVED ADJUSTED

Following the series of conferences between Mr. Inouye, representing the Japanese banks, and Mr. Thomas W. Lamont representing Messrs. J. P. Morgan and Co., it appears certain that the differences between the Japanese and the other banking groups have been adjusted and it only

now remains for the Government to give its consent, and there is reason to believe that this will shortly be officially forthcoming.

Before leaving Japan for China Mr. Lamont said to a Kokusai representative: "I have received a most cordial reception in Japan. During my visit, the Japanese banking group expressed a strong desire to enter Consortium with the groups of America, Great Britain and France. If the Japanese Government approves the ideas of its banking group then, with the approval of China, the operations of such a four-Power Consortium ought to prove of great assistance economically to China and ought in the long run to aid in making industrial conditions there more stable, rendering China a more attractive field for those many private enterprises which fall outside the scope of the Consortium. The Consortium too should act as a certain bond of unity between the four great nations to which the several groups are accredited and should prove something of a factor in contributing to permanent peace in the Far East."

STABILITY OF CHINA MAIN GUARANTEE

Throughout the three weeks discussions Mr. Lamont acted in entire harmony with Mr. Morris, the American Ambassador, who conducted simultaneously negotiations with the Foreign Office.

The plans of the Consortium constitute full partnership for the assistance of China. Mr. Lamont's visit to Japan was for the purpose of clearing up differences over Japan's reservation respecting portions of Manchuria and Mongolia. It is now understood that the groups of the other three Powers have definitely agreed that the Consortium does not desire to make any change in the established rights of any Power or private enterprise in China but its operations will be confined to large public undertakings guaranteed by a firmly established central or

provincial government of China. While in China, Mr. Lamont will investigate the securities of the proposed emergency loan of five million sterling and also the political and economic stability of China which must constitute the guarantee on which the American group may offer the Chinese Government securities.

Mails For America Will Leave Today

Mail for Canada, the United States and Europe will be despatched today on the steamer Montague of the Canadian Pacific Ocean Services, which sails for Vancouver, B. C. by way of Japan ports. The hours at which mails to go on this boat will close today at the American Post Office are: Registered mail 11 a.m. Ordinary mail 12 Noon.

Another mail for America will be despatched Sunday on the T.K.K. liner Shinyo Maru which sails for San Francisco by way of Japan ports and Honolulu.

THOMAS EDISON, 37, WORKS ALL DAY

Inventor Halts Only Long Enough To Lunch With Edison Pioneers

ATTENDS DANCE AT NIGHT

Glad 8-Hour Day Had Not Been Invented When He Was Young

New York, February 11.—Having been a telegraph operator in his youth, Thomas A. Edison knows that "73" is the code number for "all good wishes." Today, his seventy-third birthday, messages from all parts of the country are arriving at the Edison laboratory in West Orange, expressing sentiments identical but less laconic than dash-dot-dot-dot, dot-dot-dot-dot-dot.

According to custom, Mr. Edison will celebrate his birthday working, but he has promised to take an hour off at noon to attend a luncheon in his honor at the Edison works by the Edison Pioneers, an organization composed of his associates at Menlo Park and in New York, prior to 1885. Tonight Mr. and Mrs. Edison and members of their family will be guests at the Thomas A. Edison Association's dance at the Orange Armory.

William A. Lord, Mayor of Orange, issued a proclamation yesterday calling upon all citizens to fly flags and decorate their homes in recognition of Mr. Edison's monumental achievement and his generous, untiring and patriotic service in the World War.

"I'm glad that the eight-hour day had not been invented when I was a young man," Mr. Edison said yesterday. "On my birthdays I like to turn for a moment and look backward over the road I have traveled. Today I am wondering what would have happened to me by now if fifty years ago some fluent talker had converted me to the theory of the eight-hour day and convinced me that it was not fair to my fellow workers to put forth my best efforts in my work."

"This country would not amount to as much as it does if the young man of fifty years ago had been afraid that they might earn more than they were paid. There were some shirkers in those days, to be sure, but they didn't boast of it. The shirker tried to conceal or excuse his shiftness and lack of ambition."

"I am not against the eight-hour day or any other thing that protects labor from exploitation at the hands of ruthless employers, but it makes me sad to see young Americans shackle their abilities by blindly conforming to rules which force the industrious man to keep in step with the shirker. If these rules are carried to their logical conclusion, it would seem that they are likely to establish a rigid system of vocational classes which will make it difficult for the workingman to improve his condition and station in life by his own efforts."

"Of course, I realize that the leaders of union labor have their political problems and that they must appeal to be collective intelligence of their followers, which is lower than the average individual intelligence of the same men, but there ought to be some labor leader strong enough and wise enough to make trades unions a means of fitting their members for better jobs and greater responsibilities. I wonder if the time will ever come when the unions, generally, will teach their members how to be better workmen, and train the ablest and the most ambitious to become bosses and employers. If that time ever does arrive, trade unionism will be one of the world's greatest forces in social progress, and I think there will be a much better understanding between capital and labor."

"I hope I may have enough birthday days to enable me to witness something of that kind. I feel like it now. Inasmuch as the prohibitionists have buried 'Johnny Walker' under the Eighteenth Amendment and he has no further use for his trade mark in this country, I'll borrow it and say 'I'm still going strong.'"

"Do you believe it is a good thing for a boy to map out his career years ahead, or just 'peg away'?" Mr. Edison was asked.

"No, the boy while being educated should try many hobbies, changing from one to another as he desires, the more the better, until he finds one that delights him—one that he is sure he will succeed in after he leaves school—because he is happy while pursuing it after trying many hobbies. With this hobby he can succeed, and with no other, because when a man is vitally interested in a thing memory becomes highly efficient in that pursuit, but in other lines normal. A good memory means executive ability, and with this comes 'Do it now.'"

Mr. Edison is an energetic as ever, according to William H. Meadowcroft, associate and biographer of the inventor.

"He comes down to his laboratory every morning and plunges right into the activities of the day with his accustomed vim," said Mr. Meadowcroft. "While he does not work late into the night at the laboratory as regularly as he used to, he works every night until eleven or twelve o'clock at home and comes down to the laboratory primed for the day's work frequently bringing a lot of memoranda he has written to numerous officials and heads of departments the night

Mary Pickford And Doug Fairbanks Wed

DOUGLAS FAIRBANKS, MARY PICKFORD AND CHARLIE CHAPLIN

(American Wireless)

Los Angeles, March 29.—Mary Pickford and Douglas Fairbanks were married yesterday.

Mary Pickford, motion picture star advertised as "America's Sweetheart," was Mrs. Owen Moore in private life, her husband also being a screen actor. They were divorced only a short time ago. Douglas Fairbanks was

divorced by his wife last year on the ground that they were "temporarily unsuited" to each other. At the time Mrs. Fairbanks obtained the decree there were charges in which Miss Pickford's name was mentioned. Miss Pickford, Douglas Fairbanks and Charlie Chaplin are probably the highest paid movie stars in the world.

Americans Here To Enter Trade Meet At Kalee Banquet

Messdames Burch, Warman, Brown, Miss Burch and Messrs. Barcus, Brown, Burch, Sonheim, vanWerveke, Warman, Gurden, Worden, Blackerby and Heath, all passengers on the Empress of Japan on her latest westward voyage and now visiting in Shanghai, assembled at the Kalee Hotel last evening at supper.

Many of the guests have come from the United States to live in China.

Mr. Barcus has taken charge of the engineering department of the Grace China Co., Messrs. Jarden and Brown are to join Anderson, Meyer and Company, Mr. Burch is a steel man from Minneapolis, Mr. vanWerveke is export manager for the Palm Olive Soap Company at New York, Mr. Blackerby represents Ault-Wiborg, printing manufacturers at Cincinnati, Mr. Worden is to take charge of Andrews and George laboratories. Mr. Warman is in the Orient in the interests of the Vitreous Enameling Company of Cleveland looking into the field for the disposal of egg-dehydrating machinery and Mr. Sonheim, who is a frequent visitor in the Orient, is here on behalf of Reiser and Company, manufacturers and exporters of hair nets with factories at Chicago.

The Russian Players

Melo-drama produced last evening by the Russian Players at the Victoria Theater proved the versatility of the popular company which has been delighting audiences in Shanghai for several months. The "thriller," which was chosen as the bill for the evening, was "Vera Mirtzeva," a play in which a charming woman criminal runs the gamut of emotions and in which the finale is wholly satisfactory.

It was a benefit performance for Mr. M. A. Smolensky, who has won an enviable reputation here as a director. He took the leading role as "Foblarin" while Madame N. A. Terskaya, in the title role, earned the approbation of the house as the star. Others in the cast were Messdames Jukoff and Lebedev and Messrs. Ardoff, Boerelomov, Elizanoff and Selivanov.

Lady Astor Coached By British Premier

London, Feb. 14.—The maiden speech which Lady Astor has threatened to make in the House of Commons has not yet materialized. Meanwhile she is gaining reputation as a speaker at public meetings. She made a great impression when she spoke recently on the League of Nations. She has much dry humor and presents her views in clear, understandable language. She will speak at the mass meeting to be held soon to demand more women members of the House of Commons.

Some of the mystery of her eloquence may be explained, perhaps, by the fact that she is being coached by that most astute British parliamentarian and speaker, Premier David Lloyd George, who passed the last week-end with Lord and Lady Astor at Cliveden, their beautiful riverside residence near London.

This advertisement is issued by the British-American Tobacco Co. (China), Ltd.

'TWO AND THREE'

'Putting The Next One Over'
With 'Bugs' Baer

The Weegee Board of Directors has called in all the archaic telephone books which were full of type that never materialised and are now substituting the more modern Subscriber's Dream Book.

This loose-leaf ledger of Weegee enables the holder to forecast past events, to gaze into the future with the eye of a mole, to control destiny like a passenger on a runaway trolley car, to interpret the manifestations of the occult and to hold sway over mundane and ethereal things like a guy steering a keg by the bungstarter. Furthermore, it endows the possessor with power over the beasts that walk, the birds that fly and the fivers that crawl. So be it. In addition, it imbues and saturates the owner with mystical influence that enables him to read the hieroglyphics on income blanks, reveals the planetary relation of chiromancy, chiropodics and osteopathy, and the effect of decimal dotted beer on the future of the Democratic party. Furthermore, it has powers to decipher celestial palmistry, guides the believer in his pinocchio and watches with a benevolent eye over all who fall under its benign warmth. Brother, pass the collection plate.

Guides the faithful in selecting telephone numbers and insures prompt service in thirty, sixty and ninety days. Protects the traveler who roams among the wilderness of booths and is the Good Samaritan to those bootleggers who fall among the Philistines. Enables the reader to do anything within the power of mortal or spirit except to make Senator Lodge change his stance on the Fourteen Points.

Following is the relation of dreams and numbers as revealed in the Subscriber's Dream Book:
Blasphemy—To dream that you are cursing central indicates that you have plenty of reason.

Forsyth, Cortlandt and Longacre. Numbers from flatbottomed zero to a high billion should be avoided like a guy sneezing in the subway.

Automation—To dream that you are a mechanical checker player signifies bondage and servitude to a tyrannical phone company. Lay off Circle numbers that contain fractions or party numbers. Kiss all nickels good-bye because they are going on a long, fruitless journey. Vanderbilt 16 to 22.

Decorations—Denote various trials and tribulations. To dream of three domestic service stripes on left sleeve means three years in a telephone booth. Plaza and Riverside and Greeley are in the ascendancy, but innumerable trials must be surmounted before the subscriber may triumph.

Beard—Misfortune in love and business via the telephone. If you have a long, white beard it signifies that you will live to a hale and hearty old age before you get your nickel back. Red whiskers denote disgrace and shame. To dream that you have shaved the Dowager Empress of Siam means that you dropped a good nickel in the telephone and received a lead slug in return. To dream that you have shaved the Statue of Liberty indicates that you will strike the phone box with brass knuckles in order to mislead the operator. Floral Park, Jamaica, Decatur, South and Bedford are the exchanges in which these events occur most often. Beware of any telephone number containing numerals. You will become a slave to ginger ale and aspirin.

Shoes—To dream of old shoes means quarrelling and failure. Cop's shoes mean an arrest. Firemen's shoes indicate fire. Chorus girls' shoes portend a divorce and alimony. The company will soak you for long distance calls that you never got, but tried to get. They charge you for trying. Fordham, Kenmore and Flushing operate under this sinister sign.

Irish, Gang, Masked And Armed, Steal Explosives

Dublin, Feb. 8.—Much alarm has been caused among the authorities by a serious incident yesterday at Arklow, forty-five miles south of Dublin, when thirteen large boxes of gelignite were stolen from a drifter at Messrs. Kynoch's quay. The missing explosive has not been recovered.

Owing to the closing of the factory at Arklow, the Kynochs had disposed of their fleet of steamers, and the transport of goods which remained there had been left to the local craft. On Thursday a final cargo was placed on the steam drifter Dan O'Connell, but owing to the stormy weather the vessel had to remain moored at Kynoch's Wharf, supervision of which is confined to watchmen.

Early yesterday morning a daring coup was carried out by a band of masked and armed men. A number of men took up positions on the north and south quays, one party obtaining possession of a boat, which was pulled across to Kynoch's side by a rope, all risk of watchmen being alarmed by splashing of oars being thus obviated. Answering a knock at his hut, one of the watchmen, named Kensella, was confronted by a number of masked men, armed with revolvers, who compelled him to put his hands up. Having securely bound him, the raiding party made a further reconnaissance, and, having satisfied themselves that the coast was clear, they boarded the drifter. The watchman aboard, a man named Kavanagh, was pinioned and covered with a boat sail. An exhaustive and minute search of the cargo was made, obviously by men of experience and knowledge of explosives, for partly manufactured material was cast aside, and the men left with thirteen large boxes of gelignite. This is said to have been the only finished explosive on the vessel. The weight of the material taken is stated to be nearly half a ton, so the audacity and seriousness of the coup may be well imagined.

Later in the day an extra number of police arrived in the town and with the military were most active in trying to locate the missing material. Parts of sandhills were dug up and houses searched, but the explosive was not found.

As showing the state of tension which exists in Ireland at present it may be mentioned that owing to an interruption in the telephone service between Dublin and the north early yesterday large forces of police and military were sent in the direction of Navan and Dundalk. The interruption had been caused by a fallen tree, and service was restored later in the day.

Should Hubby Or Wife Hold Purse?

London, February 14.—Who should hold the pursestrings—husband or wife? This important question is being discussed here by two women who are very well known in society, Lady Askwith, the wife of Sir George Randen Askwith, and Lady de la Rue, the wife of Sir Evelyn Andros de la Rue.

Lady Askwith asserts that woman's control over the household means economy and argues that her management of the State's affairs would save the nation millions of pounds sterling every year.

Lady de la Rue takes the side of the men. She holds that the average woman is unable to manage her household well, and that she spends foolishly. She asserts that men must take care of the finances of the household and the State until woman is educated up to it.

SCHURMAN QUILTS AS CORNELL HEAD

Convinced 'Reasonably Frequent' Changes Are Beneficial To Universities

Ithaca, Feb. 14.—Feeling that "reasonably frequent" changes in the chief executive of universities is essential to their welfare, Dr. Jacob Gould Schurman, president of Cornell University since 1892, today tendered his resignation to the board of trustees. Dr. Schurman requested that it become effective at the next commencement on June 23.

"I have long been of the opinion," Dr. Schurman declared in his letter to the trustees, "that it is beneficial and salutary to great institutions, whether of government or business or education, that there should be reasonably frequent changes in the office of chief executive. The variety of situations makes it impossible to fix any particular term that might be generally applicable, but it will perhaps be recognised that there are few cases in which the period can be advantageously extended beyond twenty-five or thirty years."

Dr. Schurman wrote that he has held this view for some time and would have resigned sooner were it not for the war. "I felt in that great crisis," he continued, "that every one denied the privilege of bearing arms, but engaged in a necessary undertaking—and the universities were as indispensable as munitions factories—was under solemn obligation to remain at his post and render the best service he could to the republic."

It is because the university's war problems are now ended, Dr. Schurman said, that he submits his resignation at this time. He desires also to carry into effect his resolution of many years in regard to changes and wants to be "free for other duties I much desire to attend to."

In conclusion Dr. Schurman acknowledged "with sincere gratitude the friendly co-operation and support which I have always re-

ceived in such abundant measure from the trustees, teachers, alumni and students."

Debs, Imprisoned, Is Suggested As Socialist Nominee

Chicago, March 9.—The Socialist national committee today decided to hold its convention for the nomination of a presidential candidate at New York, May 6. Members of the committee said there was a widespread demand for the nomination of Eugene V. Debs, now serving a term in the penitentiary at Mountville, West Virginia, for violation of the espionage act.

OXFORD BEATS CAMBRIDGE

(Reuter's Service)

London, March 27.—Oxford beat Cambridge by 5½ events to 4½ in the Inter-University Sports at Queen's Club today.

WHEN CUTTING HIS TEETH

This Baby Suffered Greatly.

Baby's Own Tablets Were All That He Needed

Mrs. W. Felham, of McCreary, Manitoba, writes:—"I consider Baby's Own Tablets a splendid medicine for children. My baby was very ill when cutting his teeth and greatly troubled with tooth-rash, inflamed mouth and nervousness. He was unable to take food for two days owing to ulcerated mouth, but after giving him Baby's Own Tablets the sore mouth soon healed and his health improved in every way. Another thing in favour of the Tablets is that they are much easier to give to a young child than a liquid medicine."

Baby's Own Tablets, the Canadian children's remedy, are guaranteed perfectly harmless even to the youngest infant, and are recommended for simple fever, indigestion, constipation, colic, diarrhoea, croup, eczema, also to expel worms. They make teething easy, induce soothing, healthful sleep in a natural way, aid the appetite and promote normal growth. Obtainable from chemists, or post free, 60 cents the vial, from Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

Chemor United Rubber Co. Meets

At the eighth annual general meeting of shareholders of the Chemor United Rubber Co., Ltd. held yesterday at the offices of the general managers, Messrs. R. N. Truman & Co., a dividend of five candareens per share was declared.

Mr. E. E. Clark took the chair, and the other directors present were Messrs. G. Grayrigge, E. S. Kadoorie, F. W. Sutterle and R. N. Truman.

The total number of shares represented was 65,102.

The notice convening the meeting having been read the chairman said:

The necessary quorum being present I will ask the Secretary to read the notice convening the meeting and the auditors' report.

Following the usual custom I will with your permission take the directors report as read.

PAST YEAR FAVORABLE

The past year has been a more favorable one for the rubber industry than 1918 and I am glad to say the prospects in 1920 are so far even brighter and if we only get a more favorable exchange Shanghai rubber companies should do well.

The planted area of the Estates is now 1,301 acres and with the 6 acres it is proposed to plant this year on Chemor, and a few acres of native holdings on Batu Dua, all available land will be planted. During the year 3,027 acres of native holdings intersecting the Batu Dua Estate were acquired this leaves about another 19 acres to be bought as opportunity offers.

During the year 30,200 were planted and seven acres of very low lying land on Chemor taken out of the weeding round as it was considered that the soil was not suitable for Hevea. The crop of rubber harvested amounted to 366,202 lbs. against an estimate of 265,000 lbs.

The estimate for 1920 is 322,000 lbs.

The comparative tapping statistics given in the report are to the whole satisfactory. By the end of 1921 we should have in the tapping round about 1,200 acres of the 1,301 planted. The Estate cost of production at 10.98 cents shows a slight increase which is due to the higher cost of Estate supplies and to loss sustained, viz: \$3,338.09 in supplying rice to the coolies at below cost.

COSTS ARE HIGHER

Though the war tax has been repealed from the 1st of January, 1920 the prospects of a decrease in the F. O. B. costs for this year are not bright owing to the necessary of paying higher salaries and concessions to the Estate staffs, the higher costs of all supplies and the continuance of the policy of supplying the coolies with rice at a big loss.

The rubber sold realised the net price of 1/8.72 at port of shipment compared with 1/2.79 in 1918, the prospects so far this year are for a better average price and the forward sale of 48 tons S.S. 1.10 January and December 1920 will show a very satisfactory profit.

The conditions of both estates is well reported on by the Visiting Agents. The health of the coolies on Chemor has not been satisfactory, but it is hoped that this is only a passing phase. Every effort is being made to recruit more Tamils from India. Pests and diseases have given little cause for anxiety, though the cure for brown pest has not yet been determined. Only one set of coolie lines were erected on Batu Dua, the estimated expenditure on building for this year is only \$650.00 and possibly an extension to the Batu Dua factory.

The weather conditions were not very favorable and in March the Chemor Estate was visited by a very severe wind storm which resulted in the loss and damage of many trees producing and non-producing. Mr. Johnson, the manager on Chemor, was absent on home leave and Mr. Murray on Batu Dua goes on leave this year. I would like to record here the boards appreciation of the work of the Estate staff, our local secretaries and managers. Now turning to the accounts.

The working account shows a profit of Tls. 28,129.03. After providing for head office expenses, directors' fees the net profit for the year is Tls. 20,344.85. To which must be added the balance from 1918 Tls. 28,728.47.

Tls. 49,073.32

The directors recommend that the profit should be dealt with as follows:

To pay a dividend of five candareens per share Tls. 20,000.00
Write off buildings and furniture 1,127.66
Write off development account 16,335.06
Pay commission to administrative staff 590.47

Tls. 38,053.19
Leaving to be carried forward Tls. 11,020.13

Tls. 49,073.32
If you will refer to the balance sheet you will note with the proposed appropriations the following amounts will have been written off development Tls. 48,903.20

Buildings and furniture Tls. 67,867.95

Plant and machinery Tls. 5,338.10

Live Stock and cars Tls. 717.95

Investment account 156.88

FOOD FOR LABORERS

The expenditure on food production should be recoverable as it is hoped to sell the crops at cost to the coolies. All Estates are now compelled by Government to contribute a portion of their Estate produce for the food supplies for the Estate coolies, and it is further proposed to plant a certain amount of fruit trees for the benefit of the labor force. You will I am sure agree that it is a sound policy to do everything in reason to establish a contented labor force.

Gentlemen, I think I have touched on all matters of importance but if you wish to ask any questions I shall be pleased to answer the same to the best of my ability.

No questions were asked, and the following resolutions were then put forward and passed unanimously.

That the printed report and audited statement of account for the financial year ending December 31, 1919 as circulated to shareholders be passed. Proposed by Mr. E. E. Clark, seconded by Mr. F. W. Sutterle.

That a dividend of 5 candareens per share be paid to shareholders on the register at this date. Proposed by Mr. E. E. Clark, seconded by Mr. F. W. Sutterle.

That Messrs. R. N. Truman and F. W. Sutterle be re-elected directors of the Company. Proposed by Mr. G. Grayrigge, seconded by Mr. E. S. Kadoorie.

That Messrs. Lowe, Bingham & Mathews be re-elected auditors of the company for the ensuing year. Proposed by Mr. E. S. Kadoorie, seconded by Mr. G. Grayrigge.

Hongkong Market

Messrs. Moxon and Taylor write as follows in their report dated March 26:

Business has slightly improved since the date of our last circular, but the volume of business passing is chiefly on settlement account.

There are signs that money is becoming easier and if the ease should continue no doubt a revival would take place in the share market.

London continues to suffer from the effects of tight money due to trade demand.

Shanghai shows signs of improvement, but the March settlement continues to have a depressing effect, and although quotations are marked up there is very little in the way of buying orders.

We give below the chief alterations since last week:

Hongkong Banks.—Owing to strengthening in exchange in the beginning of the week weakened to \$75, at which a small business has been done.

Unions.—Have again been dealt in at \$180 and \$185, for cash.

Hongkong Docks.—Owing to rumors of short sales this stock has improved from \$155 for cash to \$161, at which they close with buyers.

Douglases.—Have come to business at \$85.

Cantons.—Have continued their advance and \$440 is now offered for cash.

Indos.—Are quoted in London \$53 and have been done locally at \$210.

Shanghai Docks. Have improved to Tls. 124 buyers for cash.

Shanghai Tramways

The following is the Traffic Return of the Shanghai Tramways (Foreign Settlement) for the week ended March 31, 1920, with figures for the corresponding week last year:

1920.
Gross Receipts \$45,007.24
Loss by currency depreciation 11,676.92
Effective Receipts \$33,330.32

Percentage of loss by currency depreciation 27.29
Car Miles run 91,982
Passengers Carried 2,011,126

Gross Receipts \$38,374.59
Loss by currency depreciation 9,502.30
Effective Receipts \$28,872.29

Percentage of loss by currency depreciation 25.91
Car Miles run 82,565
Passengers Carried 1,745,370

Yuan Figures For Three Months

The following is the Traffic Return of the Shanghai Tramways (Foreign Settlement) for the month of March, 1920, and for 3 months ended March 31, 1920, with figures for the corresponding periods last year:

March, 1920.
Gross Receipts \$196,444.86
Loss by currency depreciation 50,800.80
Effective Receipts \$145,644.06

Percentage of loss by currency depreciation 27.17
Car Miles run 404,622
Passengers Carried 8,783,760

3 Months ended March 31, 1920.
Gross Receipts \$555,978.96
Loss by currency depreciation 140,647.07
Effective Receipts \$415,331.89

Percentage of loss by currency depreciation 26.63
Car Miles run 1,163,825
Passengers Carried 24,782,507

March, 1919.
Gross Receipts \$164,928.56
Loss by currency depreciation 41,081.48
Effective Receipts \$123,847.08

Percentage of loss by currency depreciation 26.12
Car Miles run 360,570
Passengers Carried 7,495,228

3 Months ended March 31, 1919.
Gross Receipts \$463,945.08
Loss by currency depreciation 112,030.64
Effective Receipts \$351,914.44

Percentage of loss by currency depreciation 25.38
Car Miles run 1,038,425
Passengers Carried 20,977,704

SPANISH SUFFS REBUFFED

Madrid, February 14.—The small body of Spanish women who favor the franchise for their sex and who are arranging for the International Woman Suffrage Alliance Congress to be held here in May are meeting with considerable opposition. It is believed they will find it difficult to find a hall in which to hold the Congress.

The Bishop of Madrid, whose sanction takes priority over the government, has not yet given his permission for the use of the Royal Opera House, and, according to one of the women organizers, is not likely to give it. Other Bishops have denounced the movement, declaring it to be anti-Christian and anti-Roman Catholic.

DANES WELCOME PLEBISCITE DAY

Demonstrations Throughout Denmark And Intense Enthusiasm In Schleswig Zone

Copenhagen, February 10.—Beacon fires and prayers of thanksgiving in the churches marked the last night before the plebiscite in the first zone in Schleswig, which will determine whether this area shall be reunited to Denmark or remain under German domination.

From Dybbøl hill a beacon blazed, calling to the peaceful war of the ballot box, while along the coast bonfires flamed up through the night, brightening the last hours before the great day of expected reunion.

Today services are being held in all the churches of Denmark and the householders have decorated their homes profusely with the national flag. As a happy omen for the plebiscite, it was on Feb. 10, 1859, that the citizens of Copenhagen saved Denmark by repulsing a furious Swedish assault on the city.

Sonderburg, Schleswig, Feb. 8.—Amid scenes of the greatest enthusiasm, Sonderburg, Apenrade and Hadersleben today welcomed the arrival of ships from Denmark bringing ten thousand electors to vote in the first plebiscite zone. A contingent from Zealand disembarked here from the steamer King Haakon, a majority of them going to the western part of Schleswig.

Waving flags, the citizens of Sonderburg cheered the arriving voters frantically, and great crowds swarmed to the piers to give them a rousing welcome. Cars covered with flowers were used to carry aged voters to the railway station, where trains were in waiting. The journey from the pier to the station, with bands playing and the people singing national hymns, took on the semblance of a triumphal march.

The steamer Moscow, with more than 600 German war prisoners, also arrived at Sonderburg today. Thirty-two Germans and sixteen Danes among them who are qualified to vote in the first plebiscite zone came ashore, the others remaining on board to proceed to Kiel. The German and Danish prisoner parties received a hearty greeting. Two hundred German children, carrying flags

Peels Off Corns Between Toes

The Great Corn Loosener of the Age. Never Fails. Painless.

A corn mashed, squeezed and crushed all day long, in between two toes! You can try the desperate way and try to dig it out and fall. Or

"Two Drops of 'Geta-It'—That's All!"

you can try the sensible, peaceful, painless, easy way and use "Geta-It." It is easy for you with "Geta-It" to remove corns in places difficult to reach. "Geta-It" is a liquid—a wonderful painless formula—it has never been successfully imitated. It settles on the corn, and dries immediately. Instead of digging out the corn, you peel it out painlessly. There is no sticky plaster that does not remain in position, no salve that irritates or rubs off. You reach the corn easily with the little glass rod in the cork of every "Geta-It" bottle. It does not hurt the true flesh. Try it, walk comfortably and smile! It is a blessing, never fails.

"Geta-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at all chemists and stores. Mfg. by E. Lawrence & Co., Chicago, U. S. A.

"GETS-IT" Of all leading Chemists & Stores

and flowers, featured the German demonstration.

Special trains from Denmark and Germany are bringing thousands of voters daily. The commissions having the plebiscite in charge have completed all preparations. Excitement is growing more intense throughout Schleswig, but no serious disturbances have been reported.

Berlin, Feb. 9.—Twenty trains, carrying 5,000 voters destined for Apenrade, Schleswig, left Hamburg on Monday for the vote in the first plebiscite zone.

Electioneering at Apenrade is being carried on along American lines, advises say. The German newspaper correspondents concede that the first zone will be won by the Danes.

Negotiations covering the economic relations of Danzig and Germany were taken up by National Economic Ministry today and were participated in by representatives of the Foreign, Finance and Trade Ministries.

Danzig has sent an urgent request that it be not treated as a foreign country when it becomes a free State, but that relations, especially with regard to food supplies be maintained. The German Government has agreed to this on certain conditions, which will be discussed immediately.

The German troops are leaving Memel today and the British will occupy the town on Feb. 11.

France Will Honor Mothers On May 2

Paris, February 14.—May 2 has been designated as a day for national observance in honor of mothers of large families. Jules Steeg, Minister of the Interior, has just made this announcement as a part of his plan to aid in repopulation.

A collection will be made

throughout the republic on that day, the proceeds of which will be devoted to giving cash prizes to mothers having the largest families and to the aid of needy families.

Municipal Notification

No. 2699.
NOTICE is hereby given that, in addition to the Resolutions to be brought forward by the Council and Ratepayers, respectively, as published in Notifications No. 2693 and 2698, the following will be proposed at the Annual Meeting of Ratepayers on April 7:—

Amendment to Resolution VI.—That the following words be added after the words "give effect thereto":

"And that the Council be directed not to contract for the supply of power in bulk or to renew any contracts for an increased supply of power in bulk unless the consumer, if within the Settlement, which term is to include consumers who pay taxes on Municipal Roads outside the Settlement, subscribes to the Council direct for the current Municipal loan issues to the extent of one-third of the capital expenditure involved by their supply with power, and if without the Settlement sixty-six per cent."

Proposer: Edward L. Ezra.
Second: Edward S. Little.

Amendment to Resolution VII.—That the following words be added after the words "Extraordinary expenditure":

"And that for the payment of the Electricity Department Contracts in Europe or America, the Council gives its careful attention to the desirability of issuing gold loans in sterling or gold dollars."

Proposer: Edward L. Ezra.
Second: Edward S. Little.

Resolution XVI.—That the Report of the Volunteer Corps Commission, as published in the Municipal Gazette of April 1, 1920, be received and adopted.

Proposer: Evan Morgan.
Second: Edward S. Little.

By order,
N. O. LIDDELL,
Secretary.

Council Room,
Shanghai, April 1, 1920.
28791

MUNICIPAL NOTIFICATION

No. 2693.

NOTICE is hereby given that, in addition to the Resolutions to be brought forward as published in Notification No. 2693, the following will be proposed at the Annual Meeting of Ratepayers on April 7:—

Amendment to Resolution VII.—To delete everything after the word "meeting" and substitute the following:

"Hereby instructs the Council to take such steps as are necessary to procure the alteration of the Land Regulations for the purpose of increasing the number of Councilors from 9 to 12 of which 3 shall be Chinese Ratepayers with the same qualifications as Foreign Councilors, and to be elected as may be subsequently determined."

Proposer: Edward S. Little.
Second: Edward L. Ezra.

Resolution XII.—That the Council be hereby authorized and directed to arrange for the re-assessment of the land comprised within the limits of the Settlement, during the current year, such re-assessment to come into force as from the first day of January 1921, and to engage such professional assistance for the performance of the work as may be found expedient.

Proposer: E. F. Mackay.
Second: P. A. Cox.

Resolution XIII.—That the Report of the Loan Redemption Committee published in the Municipal Gazette of March 16, 1918 be tabled for consideration at the Annual Meeting of Ratepayers to be held in 1921.

Proposer: E. C. Pearce.
Second: A. Brooke Smith.

Resolution XIV.—That the Council be and it is hereby authorized to impose collect and recover in respect of any licence or permit to carry firearms, that may be issued under the provisions of By-law XXXVII a fee of Tls. 10 per quarter with effect from May 1, 1920, until the next Annual Meeting of Ratepayers, payable in advance.

Proposer: E. C. Pearce.
Second: A. Brooke Smith.

Resolution XV.—That the report of the Special Committee appointed to inquire into vice conditions in this Settlement published in Municipal Gazette No. 681 dated March 19, 1920 be adopted and its recommendations be carried out.

Proposer: Skinner Turner.
Second: L. E. Canning.

By order,
N. O. LIDDELL,
Secretary.

Council Room,
Shanghai, April 1, 1920.

Cotton Market

Messrs. A. B. Rosenfeld and Son write as follows in their weekly cotton market report:

China Cotton.—We have a steady market to report with some little inquiry on the part of the Mills. Deliveries from the producing countries are small and holders appear content to await market developments, there being sufficient money to obtain loans at a reasonable rate of interest.

Bombay was quoted 47 1/2 a week ago; but in the interim declined to 46. However, advices to hand today show that the market in Bombay has recovered to 47 1/2. But few sales of the Indian staple have come to our notice. Yarn market steady to firm, with appreciable sales for July/August delivery made by local mills at lucrative rates. Japanese 20's for spot have risen very considerably, due to speculative causes a difference of 45 taels being paid between March and April.

Under the circumstances, therefore, we continue to feel that the outlook is in favor of prices keeping steady, and think that declines should be looked in the light of temporary reactions.

MUNICIPAL NOTIFICATION No. 2693.

THE following Resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Town Hall on April 7, 1920, at 2 o'clock p.m. and are published for general information:

Resolution I.—That the Report and Accounts for the year ending December 31, 1919, be passed.

Resolution V.—That this Meeting extends its appreciative thanks to Major T. E. Trueman for the invaluable services he has rendered as Commandant of the Shanghai Volunteer Corps during the past five years.

Resolution VI.—That the programme of Electricity Department plant extensions recommended in the Engineer-in-Chief and Manager's report published in the Municipal Gazette of January 29, 1920, be approved and that the Council be authorized in its discretion to enter into such contracts as may be requisite to give effect thereto.

Resolution VII.—That the estimated expenditure for 1920, contained in the Budget proposed by the retiring Council, together with the recommendations attached thereto, be approved and adopted, and that the Council be and it is hereby authorized to impose, collect and recover the rates, taxes, dues and fees recommended therein, and to raise, should it be considered expedient to do so, upon such terms and in such manner as the Council may in its discretion think fit, a sum not exceeding Tls. 4,800,000 or the equivalent of this sum, for the purposes defined in the estimate of Extraordinary Expenditure.

Resolution VIII.—That this Meeting approves of the creation of a Chinese Advisory Committee and that the constitution and powers of such committee be those set forth in the letter from the Chairman of Council to the Senior Consul dated October 24, 1919, and published in the Municipal Gazette of January 8, 1920.

Resolution XI.—Election of Land Commissioner for the ensuing year.

Resolution X.—Election of four Governors of the General Hospital for the ensuing year.

Resolution IX.—Election of Land members of the Permanent Education Committee.

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions, are requested to give notice of such intention before the Meeting, so that a full answer or other explanation may be given.

Ratepayers desirous of bringing forward additional motions, or of nominating duly qualified persons willing to serve under Resolutions IX, X and XI, are required to give notice thereof to the undersigned before 4 p.m. on April 1, for due publication.

By order,

N. O. LIDDELL, Secretary.

Council Room, Shanghai, March 27, 1920.

The Derby Cup

will take place on the 22nd May, 1920.

The Derby Cup

ENTRIES for this event close at 7 p.m. on Tuesday, 6th April, 1920, at the Club House, 128, Bubbling Well Road. Entry Forms may be obtained upon application to the undersigned.

GERMAN EXODUS FROM CITIES OF JAPAN COMPLETED

Yokohama, March 27.—Denied the boasted triumphant entry, predicted in the early stages of the war, and falling in their hope that the Germany flag would fly from the mast top of every Japanese vessel in the Pacific, the last remnant of the Tientsin garrison, which for four years have been prisoners in Japan, made, at least to themselves, a triumphant exit.

Their voices were raised in lusty cheers as they left Kobe harbor Thursday afternoon, and from the mast head of the Nankai Maru the flag of Germany was flying. The decks were decorated with lanterns on which the German flag was printed and the huge smoke stacks had German flags painted on their sides. Indeed everything aboard was German. Germans trod the decks, Germans hung over the sides and Germans from the humblest private to General Meyer Waldeck occupied the cabins of the liner.

It was a sort of general German exodus from Japan. There were 61 soldiers headed by General Waldeck and Captain Z. S. Zaser of the German Navy. Then there were the members of soldiers' families, 11 women and 17 children. Besides these there were civilians from Tokio, Yokohama, Kobe and other parts of Japan, who found the going hard and were anxious to return to the fatherland. Of these 20 were women and 25 children.

NOT A JOY RIDE

The Nankai is a small steamer of just a little more than 3,000 tons and before she really starts on her long journey to Wilhelmshaven she is to stop at Tientsin and pick up a few hundred more Germans at that city. This will crowd the ship pretty well and the long two month journey will not be a joy ride by any means. Not the joy ride the departing crowd at Kobe would lead one to believe with their German flags and their German cheers.

A peep into the mind of General Waldeck, who dreamed of German conquest of the Far East and world wide German supremacy; or a peep into the racing thoughts of Captain Zaser, who once trod the deck of a German man-of-war, and dreamed of the day when the name of his country would be synonymous with "ruler of the seas," would indeed be worth while. Perhaps it would show that all the outward enthusiasm and the flying, painted and printed flags on the Nankai, as she

nosed out of Kobe harbor in the gathering twilight, were but a poor consolation for proud German hearts that were crushed in the failure to realize a life's ambition.

The Nankai has been in Kobe for the past several weeks being fitted up for the accommodation of the German prisoners. She carries in addition to the "prisoner passengers" a large shipment of cargo from one of the local German firms.

Government Keeps After U.S. Trusts

Washington, March 11.—The department of justice has announced its intention to prosecute alleged trusts, regardless of the decision of the United States supreme court that the United States Steel Corporation is a legal combination.

Roman Cardinals Ask Pope For An Increase In Salary

Rome, Feb. 9.—The Giornale d'Italia says that the Cardinals living in Rome have asked the Pope to increase their salaries, as they cannot make both ends meet, owing to the increased cost of living. With the exception of the Papal Secretary of State, the Chancellor of the Church and the Archbishop of St. Peter's, the Cardinals, it is pointed out, receive only what is called a "Cardinal's dish," amounting to 21,500 lire yearly, plus 2,000 lire for privy expense. At the present rate of exchange this amounts altogether to \$1,175 yearly, less than the sum received by many parish priests in America.
